PRESENTATION OF THE 25 GOVERNOR'S AWARDS OF EXCELLENCE

The Artist: After delving into everything from cabinetry to event production to yacht construction and repair, native Californian Dawson R. Kellogg began studying glass as an art medium in the late 1980's, and received his associate's degree from Palomar College, in the San Diego area. He then completed his B.A. in Art Education at San Francisco State University in 1993. A full scholarship offer from Kent State University secured his MFA studies and graduation in 1997; along the way he received three Pilchuck Partners scholarships. After 14 years on the Fine Arts Faculty of the Columbus College of Art & Design, Dawson traveled to Spain and Italy during his 2011 sabbatical. There he taught a workshop at VICARTE in Lisbon, and spent time with glass masters in Murano, Italy. Upon returning to Ohio, he had a solo show at the Zanesville Museum of Art. Today, Dawson continues both his pursuits as an artist and his teaching career at CCAD.

An active community member, Dawson is a major benefactor of the Franklin Park Conservatory's glass education program and, through his art has supported the fundraising efforts of Ballet Met, The Central Ohio Diabetes Association, and the Cystic Fibrosis Foundation to name just a few. He has created awards for various groups including, of course, the Ohio Governor's Youth Art Exhibition.

The Award: As an avid sailor, I see a knot as a symbol of security, protection, and function. In making these objects for aspiring fellow artists, I hope to convey these strengths while also showing the beauty and fluidity of my chosen art medium, glass. Ideally, art objects leave the viewer in admiration and with a sense of wonder. In return, I made these in admiration for these young artists, and my wish is that they hold on to that sense of wonder as they consider pursuit of a career in the arts.

THE OHIO GOVERNOR’S YOUTH ART EXHIBITION

The Ohio Governor’s Youth Art Exhibition, now in its forty-third year, is dedicated to the educational and artistic advancement of our talented young people in the state of Ohio. The Exhibition is open to all of Ohio’s 1,052 high schools, both public and private, chartered by the State of Ohio Department of Education. Our purpose is to provide all budding young artists of the state with opportunities to advance their talent, whether that be through scholarships or simply experiencing the process of entering their work in a competition. The Exhibition is a valuable incentive for our young people; it encourages an appreciation for the arts throughout Ohio and reflects the fine quality of art instruction and talent that exist in our state.

The process of selecting art works for the State Exhibition begins on a regional level. The state is divided into 15 regional locations, with high school students in each region invited to enter work in that regional judging. Each region has a designated Regional Director, who is responsible for choosing the judges for his or her region and arranging specifics of the event.

This state judging takes place in Columbus; however, the judges for this level of competition are chosen from all over the country and are generally professional artists themselves, college level instructors, or both.

From the nearly 13,000 regional entries from the 15 regions, approximately 3,000 are selected to enter the state judging. State jurors then select 300 for the actual Exhibition, with 25 of the 300 chosen to receive the Governor’s Award of Excellence. Scholarships are offered to seniors by more than 30 universities and colleges of art. The selection of students to be offered scholarships is left strictly up to those institutions who offer them. The Governor’s Exhibition is merely a vehicle through which schools and students are brought together.

The Exhibition opens at the James A. Rhodes State Office Tower, across from the state capitol, in April and closes near the end of May. An awards ceremony is held at the Riffe Center Capitol Theatre in the students’ honor prior to the opening. The attendance at the awards ceremony is over 700 and the Exhibition attendance is at least 1,200. At the Exhibition awards ceremony, students receive Awards of Excellence and scholarship awards.
