# PRESENTATION OF THE 25 GOVERNOR'S AWARDS OF EXCELLENCE

**The Artist:** Andrew Ina is a painter and filmmaker working in Columbus. He graduated from the Columbus College of Art and Design with a focus in painting and completed his Masters at the Glasgow School of Art in Scotland. He has continuously exhibited throughout Ohio, out of state, as well as exhibiting in Bulgaria, Greece, and Scotland. He has received several awards and recognition in both fine art and video including an Individual Media Artists Fellowship from the Greater Columbus Arts Council in 2012. He spent the past three years teaching painting at the Columbus College of Art and Design. Andrew now works as a Director of Photography at WOSU public media and is currently serving as the co-board chair of the Ohio Art League providing opportunities for artists.

**The Award:** Andrew's work combines the delicate act of illusion against impulsive layers of marks. Each piece is constructed spontaneously. Broad, sweeping gestures give way to gentle, methodical brushwork. As the layers form, the painting begins growing towards the viewer. It is first an occurrence, and then it becomes an imaginary space. Pigment invades the surface exposing the terrain. A new reality begins to emerge through carving out the inanimate elements. Each one of the awards is an original painting that investigates the topography of movement through light and color.

## **THE OHIO GOVERNOR’S YOUTH ART EXHIBITION**

The Ohio Governor’s Youth Art Exhibition, now in its forty-fourth year, is dedicated to the educational and artistic advancement of our talented young people in the state of Ohio. The Exhibition is open to all of Ohio’s 1,052 high schools, both public and private, chartered by the State of Ohio Department of Education. Our purpose is to provide all budding young artists of the state with opportunities to advance their talent, whether that be through scholarships or simply experiencing the process of entering their work in a competition. The Exhibition is a valuable incentive for our young people; it encourages an appreciation for the arts throughout Ohio and reflects the fine quality of art instruction and talent that exist in our state.

The process of selecting art works for the State Exhibition begins on a regional level. The state is divided into 15 regional locations, with high school students in each region invited to enter work in that regional judging. Each region has a designated Regional Director, who is responsible for choosing the judges for his or her region and arranging specifics of the event.

This state judging takes place in Columbus; however, the judges for this level of competition are chosen from all over the country and are generally professional artists themselves, college level instructors, or both.

From the more than 11,000 regional entries from the 15 regions, approximately 3,000 are selected to enter the state judging. State jurors then select 300 for the actual Exhibition, with 25 of the 300 chosen to receive the Governor’s Award of Excellence. Scholarships are offered to seniors by more than 30 universities and colleges of art. The selection of students to be offered scholarships is left strictly up to those institutions who offer them. The Governor’s Exhibition is merely a vehicle through which schools and students are brought together.

The Exhibition opens at the James A. Rhodes State Office Tower, across from the state capitol, in April and closes near the end of May. An awards ceremony is held at the Riffe Center Capitol Theatre in the students’ honor prior to the opening. The attendance at the awards ceremony is over 700 and the Exhibition attendance is at least 1,200. At the Exhibition awards ceremony, students receive Awards of Excellence and scholarship awards.
